FOR IMMEDIATE RELEASE

METAFORMIX INFORMATION SYSTEMS WELCOMES SPECIALTY TECHNICAL PUBLISHERS

Delta, BC - 19 Aug 2005

Metaformix Information Systems Inc. is pleased to announce that Specialty Technical Publishers (North Vancouver) has become its newest customer, with its purchase of a TopLeaf XML publishing software license.

TopLeaf is a high-performance publishing system for XML and SGML data, from Turn-Key Systems (Australia). TopLeaf includes built-in loose leaf publishing features, making it the lowest total-cost-of-ownership XML and SGML loose leaf publishing system available.

STP ("<http://www.stpub.com>") is a premier publisher of business reference and interpretive publications.

Since 1999, Metaformix has been the exclusive full-service supplier of TopLeaf XML Composition Software for North America. Metaformix offers software and services targetted at document management applications.
